The Frank Report

Please make the stupid people shut up!

9.25.2021 #297

All the news I see fit to print.

Freedom of the press belongs to those who own one.

Let your mind wander back twenty years, or maybe just ten and try to place the following actual headlines into that timeframe:

Harvard Elects Atheist As Lead Chaplain

News-channel fishing for stories of unvaccinated dying from Covid-19 gets over 182,000 responses of Vaccine injuries and deaths instead... and the list is still growing.

FDA Hearing: Doctors and Experts Testify Government Data Demonstrates COVID Shots are Dangerous and May Kill More Than They Save. VAERS is the Vaccine Adverse Event Reporting System put in place by the CDC in 1990, a voluntary reporting system that has been estimated to account for only 1% yet latest number is 14,925 dead and 19,210 with permanent disability from the Covid vaccines.

There were more police, reporters and undercover intelligence agents than protesters in Washington DC for the J6 rally. The only armed person arrested on Saturday was an undercover U.S. Customs and Border Protection officer.

Three Federal Reserve officials, including Jerome Powell, held stocks and investments as the Feds pumped fake money into them.

Book Report

Author was once employed in a university admissions office...lots of inside info about that process and great student profiles make this a very interesting book in spite of the "chick book" reputation Korelitz has. Her debut is pure "chick book" bordering on romance novel so I'll skip but the writing in this one is so great it kept me entertained which is what it should do.

Pennsylvania sent out 1,823,148 mail-in ballots.

They got back → 2,589,242.

Flip just these three states by decertification and you have a tied election. With over 20 more states taking action on a full audit, just one more state flipped and Joe would no longer be the most popular (p)resident ever elected. Illinois, and more recently California, have been generally “accepted” as fraudulent voting states. The elites in both parties have winked at each other for decades but the internet has given the deplorables the ability to shine a huge spotlight on the flagrant inconsistencies such as the 449,163 voters in California who received a jury duty summons to which they declined using the “I am not a citizen, therefore I cannot sit on a jury” provision. The source for jury duty summons candidates is the VOTER REGISTRATION list. **Gotcha!** Even a very biased Google search cannot ignore these kind of stories...although they try to bury them while the Democrats push another fraud...the pandemic (their version of Look...squirrels!).

Now what? The immediate answer would be to trade the Democrats vaccine ID’s for voter ID’s. Then eliminate mail-in ballots and ballot harvesting. The Democrats know what’s coming. They will be trying everything to cripple the nation with huge illegal alien invasions, crash the economy, arm our enemies and completely destroy the health industry. Alinsky’s Rules will be applied feverously to forestall the so called insurrection that will have the elites running for cover (or for a non-extradition country). They’ve been pushing for a class war for decades...well, now they have one and they are the target!

Dust Bunnies Gonna Get Ya!

Had a duct cleaning company clean the ducts and registers. The result was eye opening...wonder how I’ve lived this long! Nasty stuff that accumulates in the ductwork without getting captured by the filter. Fascinating process and specialized equipment including an air compressor that makes a lot of noise. The Boys disappeared, of course and almost two hours after the tech guy left The Boys showed up with an expression on their faces that easily translated to “what the hell was that?” The tech guy also discovered a mysterious locked door in the crawl space that needs some exploring. The service includes a sanitizer and deodorizer. Guy was also intrigued by the dust filter gadget described in the 9.11.2021 newsletter. He also agreed with son Chris’ advice to keep the furnace fan running 24/7.

Until next week...
